

Known for its collaborative spirit, Art of Elan has been pioneering unique events and bringing exciting classical music to diverse audiences for over 15 years through innovative partnerships and bi-national initiatives that have cultivated curious audiences on both sides of the border. Its consistent track record of sold-out performances stems from its commitment to commissioning new work, collaborating with world class artists and composers, programming engaging and thought-provoking concerts, and expanding its impact in the region through thoughtful community engagement programs. By drawing inspiration from the word *élan*, which represents vigor, style, and spirit, Art of Elan continues to engage and energize audiences in new ways.

YOUNG ARTISTS IN HARMONY

For the past eight years, Art of Elan has offered its Young Artists in Harmony program in partnership with the nationally recognized A Reason To Survive (ARTS), an organization that believes in the power of the arts and creativity to literally transform lives – especially those of kids facing adversity. Consisting of weekly workshops where students have the opportunity to be mentored by Art of Elan musicians through unique apprenticeships, the residency culminates with a collaborative concert that showcases original compositions the students create over the 10-week residency, performed by Art of Elan musicians. Each concert is professionally recorded and is available for free streaming and download on Instant Encore. The 2020-21 season saw an expansion of this empowerment program to include advanced music students from The Preuss School, which serves first-generation college seekers.

Fall 2022 Participants

MAURICIO SALAS

"It being my second season at Young Artists in Harmony, I learned many new things that I didn't last year. I learned how to improve my composing, my playing, and above all, finding a musical style."

EDDIE LOCANO

"This is my first time in the Young Artists in Harmony program and I learned about the opportunity from my sister Lauren, who was also in the program for several years. I have learned chord progression, rhythmic patterns, and how to work with professional musicians."

HERNÁN MARTINEZ OSNAYA

"My piece is based on my experiences with changing routines and growing as an individual, I hope you enjoy it!"

LIAM RODRIGUEZ

"For this season of Young Artists in Harmony, I focused on composing with new techniques and styles while at the same time maintaining my musical preferences. I found especially throughout this season that music can be helpful in lifting the mood."

With Special Thanks to A Reason to Survive
